

4371-75

EXCELLENT CLEANER AND DEGREASER: Tri-Pow'r® HD aerosol is a pleasantly scented heavy duty foaming alkaline cleaner that lifts dirt as it emulsifies grease and grime. Formulated for maximum versatility and metal protection when used as directed. For use with air cooled condensers and evaporators and other applicable surfaces. Ideal for microchannel coils.

DIRECTIONS FOR USE: This product must be used in accordance to the following directions by HVACR professionals only.

Always wear protective eyewear and gloves when using any chemical. Turn off or disconnect power to equipment being serviced. Remove any heavy or matted soils that can easily be dislodged by hand. Do not spray into electrical components. SHAKE WELL before using.

Remove cap and point toward outdoor coil or other surface to be cleaned. Wait for 5-10 minutes for foam to liquefy and remove grease and grime within the coil. Rinse the coil with water.

INDOOR COIL: Tri-Pow'r HD aerosol can be used with the Talon Aerosol Wand (4776-0). Apply, wait 5-10 minutes and rinse with water spray bottle or immediately resume system operation and allow condensate generated to promptly self-rinse coil.

IDEAL TO USE IN AND AROUND FOOD PROCESSING AREAS: Tri-Pow'r HD is acceptable for use as a general cleaner on surfaces in and around food processing areas, where its use is not intended for direct or indirect food contact. Cover or remove all food products around the area where the product will be used.

DANGER

Contains gas under pressure; may explode if heated. May be corrosive to metals. Causes severe skin burns and eye damage.

PREVENTION: Keep only in original packaging. Do not breathe mist or vapor. Wash thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. Absorb spillage to prevent material-damage.

RESPONSE: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. **IF ON SKIN (or hair):** Take off immediately all contaminated clothing. Rinse skin with water or shower. Wash contaminated clothing before reuse. **IF INHALED:** remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER/doctor. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Seek medical attention.

STORAGE: Protect from sunlight. Do not expose to temperatures exceeding 49°C/120°F. Store in a well-ventilated place. Store in a corrosion resistant container with a resistant inner liner. Store locked up. **KEEP OUT OF REACH OF CHILDREN.**

DISPOSAL: Dispose of contents/container in accordance with local/regional/national/international regulations.

Contains: Water (cas # 7732-18-5), Potassium Hydroxide (cas # 1310-58-3), Sodium Silicate (cas # 1344-09-8), and Sodium Carbonate (cas # 497-19-8) and Liquid Petroleum Gas (cas # 68476-86-8).
