FEATURES: This high performance product is a heavy duty foam detergent in the convenience of an aerosol. It is suited for use on most coils such as window air conditioners, roof top HVAC units, auto radiators, small air cooled equipment, small condenser and evaporator coils, metal filters, fan blades, and more. It can be sprayed in any position while the blasting stream easily reaches into tight areas. The detergent quickly and easily liquefies dirt, grease, oil, or other residue and deposits. The product will not harm drain pans, plastics, metals, or other materials in and around the area. Simply spray on and condensation generated will wash away the emulsified material. The pleasant lemon fragrance helps leave area not only cleaned but deodorized.

PREVENTATIVE MAINTENANCE TIPS: Apply Cal-Shield® coil protectant to enable coil operation at designed efficiency. Use Gel Tabs™ condensate treatment to protect from foul odors, backups and costly overflows.

WARNING

Flammable Aerosol. Contains gas under pressure; May explode if heated. Causes serious eye irritation.

PREVENTION: Keep away from heat, sparks, open flames, and hot surfaces. No smoking. Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use. Wash thoroughly after handling. Wear eye protection/face protection.

RESPONSE: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

STORAGE: Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F. Store in a well-ventilated place.

KEEP OUT OF REACH OF CHILDREN.
